## **Strategies Group Inc. Announces Partnership with Hard Dollar a leading provider of Project Cost Management Software.**

**Suwanee, GA – December 11, 2009 – Strategies Group Inc.** is pleased to announce their partnership with Hard Dollar, a leading provider of Project Cost Management software to the Infrastructure, Environmental, Oil & Gas, Utilities, Industrial, and Mining industries. Hard Dollar's award winning Project Cost Management software provides Estimating, Job Controls, Field Data Collection and real-time integration to Scheduling, Accounting, and Design resulting in complete project visibility and control.

"Strategies Group seeks to form partner relationships with companies whose technology solutions stand out from all the others, will solve clients' problems and bring real value to their businesses. As a market leader, Hard Dollar's innovative solutions and their commitment to outstanding customer service makes them a perfect fit for us." says Craig Trussell, VP of Sales and Marketing for Strategies Group. "We are also pleased to announce that Strategies Group is now a Hard Dollar Authorized Training Facility so clients from throughout the southeast can come to our state of the art training center in Georgia for all of their training needs."

"Strategies Group brings an expanded level of expertise and Project Cost Management brand awareness to companies looking to increase project profits while improving project accuracy", said Ron Babich, VP of Sales and Marketing for Hard Dollar Corp. "Strategies Group brings tremendous synergy to the HD Project Cost Management suite of 5D-BIM products, utilized by leading contractors and owners across the globe," said Babich.

Hard Dollar's success has earned the company multiple awards including Technology's Hottest, the Vision Award and Product of the Year from Constructech Magazine, the leading national publication on construction technology.

Hard Dollar's Project Cost Management software will be available from Strategies Group effectively immediately and a training class schedule will be implemented in January 2010. If you wish to learn more, please contact Strategies Group directly.
