IMPORTANT REMINDER

The BuilderMT 4.7 release is scheduled to be available on May 26th for download.

Imperative: Plan to perform your company's upgrade PRIOR to July 1st.

Reason: Technology changes beyond BuilderMT's control will go into effect July 1st. These changes will affect the way licensing is read and unless action is taken your software will disable itself.
The 4.7 release corrects this issue.

For more information on the 4.7 Release and upgrade information visit our website:

If you need upgrade assistance, contact your certified BuilderMT WMS consultant or the BuilderMT Technical Services Department for a consultation. If you don't know your BuilderMT consultant, contact Debby Humphrey 1-888-757-1991 x162.

Not On a Support and Maintenance Plan?

If you currently are NOT on a BuilderMT Support and Maintenance Plan, and want to avoid an interruption in service, please choose from the list of options being offered until June 12th:

- Purchase a support and maintenance plan – cost is 20% of retail price of software owned – BuilderMT will waive re-instatement penalties
- Purchase a maintenance only plan – cost is 10% of the retail price of software owned – This option covers only upgrades for the year. If support or technical services are required it will be charged at \$500 per incident.
- Purchase a one-time upgrade – cost is 5% of the retail price of software owned, or a minimum of \$500. If support or technical services are required it will be charged at \$500 per incident.

Contact Alicia Perri at 303-785-0100 or e-mail: Alicia.perri@buildermt.com to discuss the above options.
